

ACTUAL

COMPONENTS

Your step for tomorrow

Actual Components is a leading **authorized distributor** of electronic components from the high end manufacturers who offer a board product line.

For the past ten years **Actual Components** works with the leading Israel's defence, military, security, telecommunication, medical, information systems, automotive, power and industrial hardware manufacturers.

As a result Actual has established fruitful business relationships with local **OEMs**, **ODM** and **EMS** companies. We have developed a deep understanding of their products which enables us to offer excellent technical support resulting in a constant flow of new design wins.

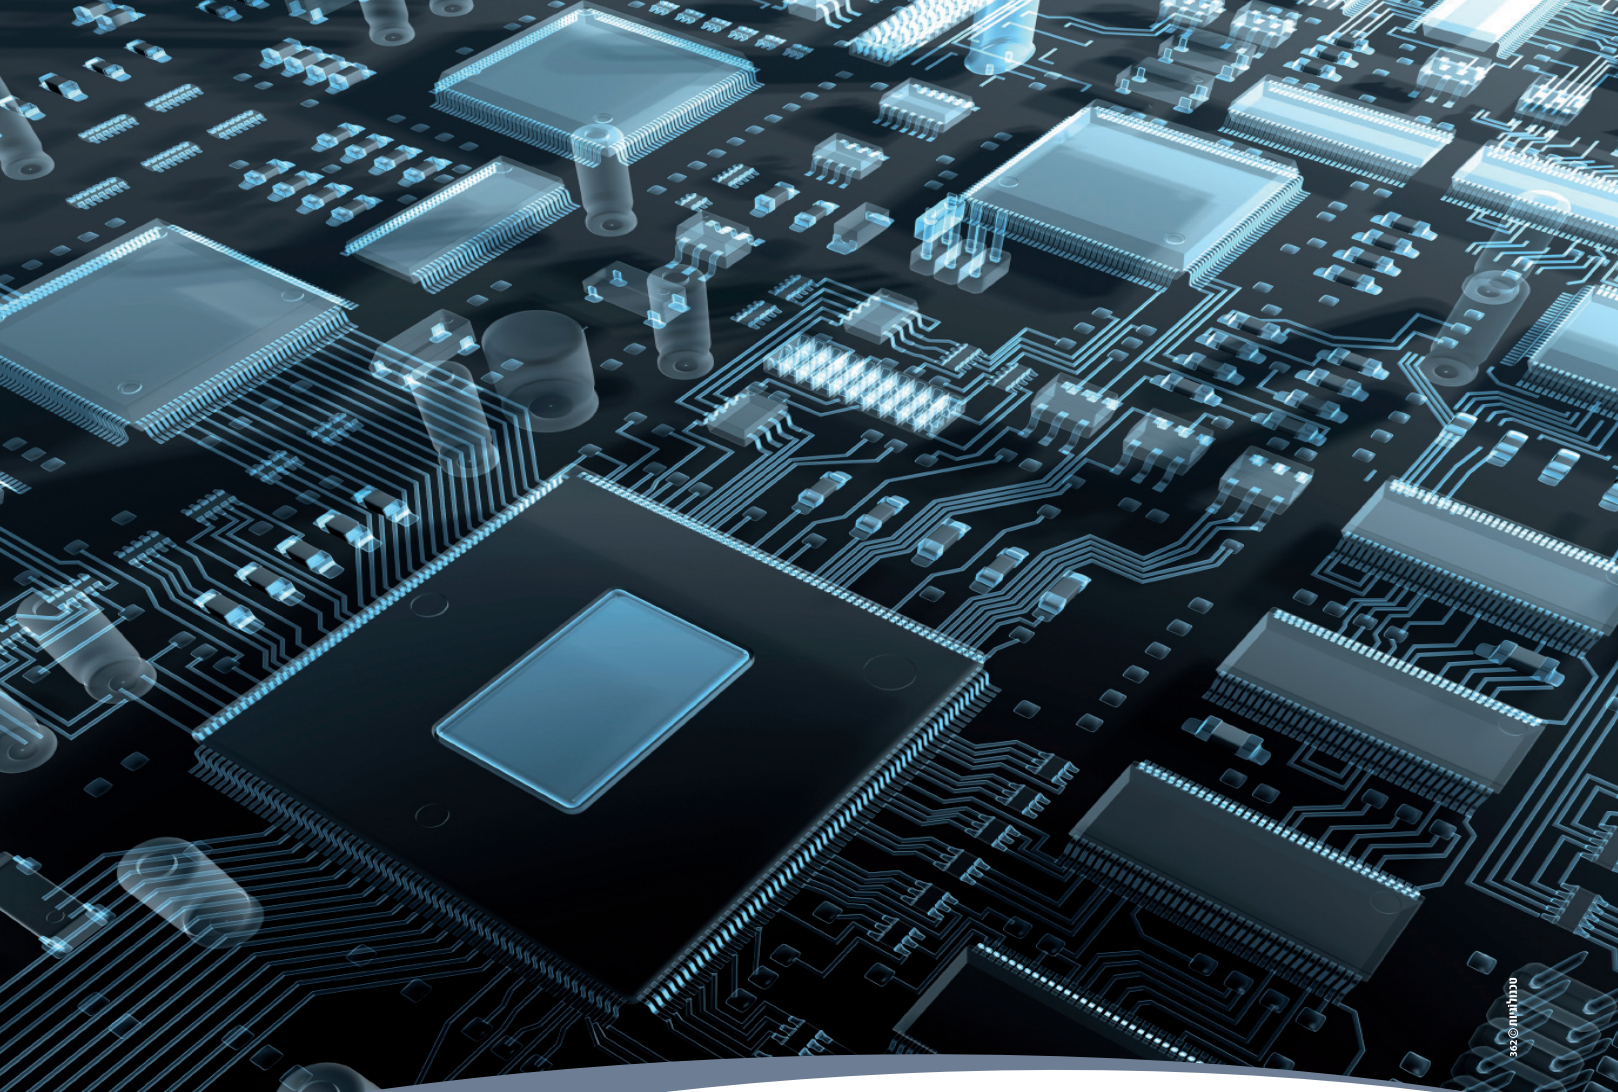

We offer a wide range of electronic and electro-mechanic components, passive, active, opto, power, IC's, Oscillators, RF/Microwave component and more.

Actual Components staff is highly qualified and well-connected within the local and international industry. We bring depth and professional experience, credibility and commitment to our clients.

Furthermore, we strive to built-up an enviable reputation in the industry with solid relationships, guaranteed quality and excellent service.

Actual Components is ISO 9001 Certified and was awarded 5 times for export excellence by the Ministry of Industry, Trade & Labor.
